

POMEROY TELEGRAPH.

THURSDAY, AUGUST 24, 1883.

CAMP MEETING.—There will be a camp meeting held near Mason City in Mason County, West Va., commencing Thursday, Sept. 14th. A cordial invitation is hereby extended to all the ministers and members of the M. E. Church living in the adjoining counties in Ohio to be present. Come over brethren, bring your tents and prepare to assist us in this great and good work.

W. W. H. Gallipolis Journal please copy.

Accounts from San Francisco furnish intelligence of the loss of the steamer Brother Jonathan, and that out of between two and three hundred passengers only 14 men and one woman were saved. The steamer was bound for Portland, Oregon. Among the lost are reported Gen. Wright and family, Lieut. Wait, Surgeon A. Ingham of the Army. Gen. Wright had been appointed to the command of the Department of Columbia.

Harris, who had charge of the "blood hounds" at Andersonville prison, has been arrested, and is prisoner at Washington.

Parents are respectfully referred to the advertisement in the "Pomeroy Academy," which under the charge of a most efficient teacher, Mr. Allan Whitman, will commence its full session on the 13th proximo.

Senator Sherman will address the people of Meigs County at Pomeroy on the 12th of September next.

For the Telegraph.

Mr. Ewins.—The cholera is already ravaging many parts of Europe and the latest advices show its steady march westward and before long will probably see it cross the Atlantic. The question is agitating the minds of the authorities of our eastern States and earnest sanitary measures are adopted. This town of Pomeroy and neighborhood offers abundant material for generating the dread disease, and if prompt action is not taken to abate the many cesspools and other nuisances existing in your midst—the chances are fearful that the disease will have full play.

A committee of citizens or Board of Health should be delegated at once with full power to enforce thorough cleanliness, "an ounce of preventive is worth a pound of cure."

I do not wish to be an alarmist, but merely make the above suggestion to aid, if possible, the fatal consequences of neglect; one or two deaths occurred on a boat coming up the Ohio this week, which were pronounced cholera, but perhaps they were not the genuine Asiatic cholera. It may be with you soon however.

Thursday, Aug. 24th, 1883.

Mr. Editor:

The LIZBETH HAMILTON.—We are sorry this fine little steamer has at last left this trade. No boat has given greater satisfaction. Her officers are gentlemen, and we do not, have the sympathy of those who have been so well cared for and entertained by them during their stay among us. And I am authorized by them to say through your good paper, that they hereby tender their grateful acknowledgments to this community for the liberal patronage shown them while running in the trade, and hope that should they at any time return to the trade their former kindness will not be forgotten.

A. FRIEND.

Soldiers' Monument.

The following article is addressed to every patriotic citizen of Meigs County:

While the war was in progress, we, who remained at home, labored to provide whatever might comfort and alleviate the necessary sufferings of our brave defenders.

Now, thanks to God who guides the affairs of men and makes even the wrath of man to praise Him, and to the noble army who offered their lives in defense of our country and flag, we have been blessed with victory and the war is over. It now becomes the duty of a grateful people to do homage to the memory of those who have fallen in this war. In honoring the noble dead, we honor ourselves and those brave men who have returned with many wounds and scars to the homes they risked their lives to protect. The names of those from our own County, who have fallen in their country's service, number over three hundred.

Let us raise a fitting monument and inscribe upon it their names and deeds, that in all future times, they may be remembered as our revolutionary heroes are remembered, with gratitude and respect.

To do this, with credit to ourselves, a large sum of money will be needed, and every citizen of Meigs County is requested to aid in this work.

An organization has already been formed in Pomeroy called the "Meigs County Soldiers' Monument Association." Officers have been elected and collectors appointed in every Township in the County, that all may have an opportunity to do their part. In some Townships the plan has met with hearty cooperation and it is hoped will do so in all. We particularly request that all who have been appointed collectors will interest themselves in this labor of love and that the clergyman throughout the County will present the matter to their congregations. Many of our sister counties are before us in this noble respect to those who have all should delight to honor, and we must bestir ourselves to retain our name for patriotism.

The spot selected as the most suitable one on which to erect the monument is at the side of the Court House in Pomeroy, being in a public and accessible place where most of the citizens of Meigs County would have an opportunity to see it, it is well adapted for such a memorial.

Any information relative to this subject can be obtained from Miss C. Stivers of Pomeroy. The Association will hold an adjourned meeting on Wednesday, September 2nd, at the Presbyterian Church in Pomeroy.

DR. SEELYE'S CATARRH REMEDY

One Warted if Directions are Followed. Single bottle will last a month to be used three times a day.

SYMPTOMS. The symptoms of Catarrh are at first very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitive to the changes of temperature. In this condition the nose may be dry, or a slight discharge, thin and acid, afterwards thick and adhesive, may ensue.

As the disease becomes chronic, the discharge increases in quantity and changes in quality; they are now thick and heavy, and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice thick and nasal; the eyes are watery; the mucus of the nose is loosened or destroyed; deafness frequently takes place.

Another common and important symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick or slimy mucus, which has fallen from the head during the night. When this takes place, the person may be sure that his disease is on its way to the lungs, and should lose no time in arresting it.

The above are but few of the many Catarrhal symptoms. Write to our Laboratory for our pamphlet describing fully all symptoms: it will be sent FREE to any address. Also directions where to procure the medicine.

We are daily receiving letters from soldiers in the army, and others in all parts of the Union, and also numerous testimonials from those using it, bearing evidence of its infallible merits.

This Remedy contains NO MINERAL OR POISONOUS INGREDIENTS, but is prepared from vegetable extracts EXCLUSIVELY; it is PERFECTLY HARMLESS, even to the most tender and delicate child.

CALL FOR SEELYE'S CATARRH REMEDY, and take no other. If not sold by Druggists in your vicinity, you can enclose the money in a letter to us and we will send the medicine by Express. Price \$2.00 per bottle. Address Dr. D. H. SEELYE & Co., Freeport, Ill.
